Message from Principal

The purpose of education is to teach our children to think and develop a capacity to reason our facts. Today education means much more than merely acquiring knowledge. It is acquisition of knowledge and skills, building character and improving employability of our young talent, the future leadership. Choosing where to continue your education is a major decision and challenge. I believe that Jonai Science College will be a choice you will not regret, especially if you are ambitious and determined to succeed. As a result our staff are able to focus on the needs of each individual student and aim to nurture each student in order to ensure their journey at Jonai Science College is a successful and improves future prospects.

We feel proud to provide quality education by equipping our students with skill, confidence and a positive approach with an all round development. The college is relentlessly striving to perceive and maintain academic excellence at the same time encourage the students to

participate in various co-curricular and extra-curricular activities. An amiable environment at Jonai Science College creativity, passion, resilience and leadership qualities among students for development of versatile personality. We aim to not just impart knowledge to the students, but also to inculcate in them - wisdom, compassion and a humanitarian spirit. We have a multi-cultural student population; hence we teach our young generation the importance of tolerance and respecting each other's culture. Discipline, values and integrity are the very foundation of this college. We cannot rest on laurels of yesterday; we must have concern for tomorrow's generation. We have to move and think ahead of our times.
